01 Specifications

Size	Φ230*170MM
Height	H426/662/887MM
Battery	3.7V/4400mAH
Solar Panel	5V/8W
IP Rating	IP65
Color Temperature	白光、紫光可切换 / White & purple switchable
Material	Aluminum + PC
Warranty	3 years

02 Overview

The DT-SMK is a 2-in-1 solar garden light and mosquito killer. In lighting mode it emits a warm 3000K/6000K white light for pathway illumination; switch to mosquito-killing mode and the UV purple LEDs attract mosquitoes to the high-voltage grid inside the housing. Mode selection is manual via a single button on the fixture.

The 3.7V/4400mAH lithium battery charges during the day via the integrated 5V mono panel, delivering 8-12 hours of operation per night. IP65 die-cast aluminum housing, standard pole heights H426/662/887MM.

Ideal for residential gardens, hotel courtyards, restaurant terraces, and rural farmyards in tropical and subtropical climates where mosquito pressure is high. CE, RoHS certified.
