02 Overview

The LS1-20 solar strip light is a flexible LED strip with built-in solar panel and rechargeable battery — no wiring, no transformer, just unroll and mount. 20m/20个光源 (10 pcs LED bulb) strip length, SMD 3030 LEDs at 150 lm/W.

Packaged L387*W217*H150MM. The 3.2V/15AH battery and 5V/12W provide 8-10 hours of illumination per night. IP65 housing suitable for outdoor use. Color temperature selectable (3000K/4000K/6000K/RGB).

Common applications: fence top accent, garden feature lighting, party / event decoration, holiday lighting, signage backlighting, balcony railing, and outdoor entertaining areas. Adhesive-backed strip mounts to most clean surfaces; mounting clips included for permanent install.
