01 Specifications

Size	L590*W200*H50MM
LED	SMD 3030 18pcs
Battery	3.2V/30AH
Solar Panel	5V/25W
IP Rating	IP65
Color Temperature	3000K/4000K/6000K
Material	Aluminum + PC
Warranty	3 years

02 Overview

The XC-060 solar wall washer is a wide-beam architectural lighting fixture for facades, fences, garden walls, and large surfaces. SMD 3030 18pcs LEDs behind a wide-angle lens deliver an even, grazing wash that highlights texture and detail on stone, brick, stucco, and wood surfaces.

L590*W200*H50MM die-cast aluminum housing, IP65 rated for outdoor use. The 3.2V/30AH battery and 5V/25W provide 8-10 hours of full output per night. Color temperature selectable (3000K/4000K/6000K).

Common applications: building facades, garden walls, perimeter fences, hotel entrances, monument lighting, and landscape architecture. Adjustable mounting bracket (included) lets you set the wash angle.
